Dear Tax Assessor,

I wish to appeal the Tax Assessment on the above listed property.

The property was purchased on the above settlement date for the above purchase price. This was an arms length transaction. A copy of my Settlement Sheet is attached.

Given the current economic climate and current real estate values, I believe the assessed value of the above referenced property is too high. Please decrease the tax assessment to no more than the purchase price.

Thank you for your kind assistance. If you have any questions, please do not hesitate to contact me.

Very truly yours,
